As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping. She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and silence. She touched nothing. I still held my untouched drink. The name and office of archmage were invented by Halkel, and the Archmage of Roke was a tenth Master, never counted among the Nine. A vital ethical and intellectual force, the archmage also exerted considerable political power. On the whole this power was used benevolently. Maintaining Roke as a strong centralising, normalising, pacific element in Archipelagan society, the archmages sent out sorcerers and wizards trained to understand the ethical practice of magic and to protect communities from drought, plague, invaders, dragons, and the unscrupulous use of their art. She agreed with the others to give him a little house down by the harbor and a job helping the boat-builder of Thwil, who had taught herself her trade and welcomed his skill. Veil put no difficulties in his path and always greeted him kindly. But she had said, "What can you tell me that would make me trust you?" and he had no answer for her. larger than she was, enormously larger. She could reach out one finger and destroy him. He stood. was a problem. The girl thought, of course, that he as a great wizard would snap his fingers and waft them over the sea in a magic boat flying before the magewind. But when he told her they'd have to hire passage on a ship, she said simply, "I have the cheese money." Diamond was listening intently, frowning a little. After a while she heard the latch rattle. The door opened. An ordinary-looking middle-aged man. Rose made a dim glow of werelight so that they could find their way through the marshy ground. Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had. He watched the staff that stood on the shining floor. In a little while he saw it quiver very slightly, a shiver, a tremble. They are true laws, founded not on what we want, but on what is. The just and the unjust, the about him. She hadn't seen a king when she first saw him, as with the other one. "My mastery is here, on Gont," he said, still speaking hardly above a whisper. "My master is. He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must. Otter pointed at the low slope that rose before them. "The King's House is there," he said. Gelluk's attention turned entirely away from him then, fixed on the hillside and the vision he saw within it. Then Otter could call to Anieb. At once she came into his mind and being, and was there with him. wizardries. Enlad of the Kings, and bright Ea, eldest of isles! Surely we'll find allies there". as ever. Medra took her hand and put his forehead against it. Telling his story he had kept back tears. He could not do so now. She was silent for a moment. The weatherworker knew his trade, at least. Sea Otter sped south; they met summer squalls and choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on the north shore of O, at Ilien, Leng, Kamery, and O Port, and then headed west to carry the passengers to Roke. And facing the west Ivory felt a little hollow at the pit of his stomach, for he knew all too well how Roke was guarded. He knew neither he nor the weatherworker could do anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask why? Why did it blow against them?. perfume, sharp yet at the same time mild; a young couple passed; the girl turned to the man; her. "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs and face twitched, her teeth chattered. He held her close against him, trying to warm her. looked at what he offered her. There were no inns on this road through what had once all been the Domain of Iria. As the sun neared the western plains, they stopped at a farmhouse that offered stabling for the horses, a shed for the cart, and straw in the stable loft for the carters. The loft was dark and stuffy and the straw musty. Ivory felt no lust at all, though Dragonfly lay not three feet from him. She had played the man so thoroughly all day that she had half-convinced even him. "There's not much worth much in my life," she said, gazing down at the pavement. "All I know how to do is run the farm, and try to stand up and speak truth. But if I thought it was all tricks and lies even on Roke, I'd hate those men for fooling me, fooling us all. It can't be lies. Not all of it. The Archmage did go into the labyrinth among the Hoary Men and come back with the Ring of Peace. He did go into death with the young king, and defeat the spider mage, and come back. We know that on the word of the king himself. Even here, the harpers came to sing that song, and a teller came to tell it." "You have a gift for the business," Crow said. "You know where to look. Went straight to that bestiary in the barn loft... But there's nothing much to look for here. Nothing of importance. Ath wouldn't have left the greatest of all the lore-books among boors who'd make that of it! Take us to Pody if you like. And then back to Orrimy.
