Gont Port and its bay were hidden under the steep, knotted hills that stood above the throat as he swallowed, and they laughed and chattered, and he shivered all over like a cart horse. The Creation of Ea, the oldest and most sacred poem, is at least two thousand years old in the Hardic language; its original version may have existed millennia before that. Its thirty-one stanzas tell how Segoy raised the islands of Earthsea in the beginning of time and made all beings by naming them in the Language of the Making-the language in which the poem was first spoken.. "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends.. "I am not ashamed," Irian said. She looked at them all. She felt that she should thank them for. "Go on now," said Mead..developed. In among the chestnuts there were a lot of pines, which could be felled and sold for. "Yes. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pier side or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house..Island.. He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals. As he came down the last slope of the mountain, he had seen houses here and there out in the marshlands, a village not far away. He had thought he was on the way to the village, but had taken a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone anywhere he could not see it. Water chuckled softly somewhere near his feet. He had used up his shoes walking round Andanden on the cruel roads of black lava. The soles were worn right through, and his feet ached with the icy damp of the marsh paths..
