

SOME ACCOUNT OF ITS INHABITANTS AND ITS ANTIQUITIES DURING A RESIDENCE

"Edran," said the Namer promptly, and laughed. "Drake. Dragon...".one. Where'd he come from, anyhow? Answer me that..Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint."What should I do?" he said aloud after a while..Lebannen. Then, as the dragon bore our friend away, the Summoner fell down.."Look," she said, halting. "Medra, look..". "Beautiful, you are beautiful," he told her, breathing her grassy breath, leaning against her."I don't know, my dear. I do want you to be safe. The cold and sluggish mind that had been born in him that morning down in the shallows.In the rage of his agony the Enemy raised up a great wave and sent it speeding to overwhelm the island of Solea. Elfarran knew this, as she knew the moment of Morred's death. She bade her people take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour of waiting for the destroying wave that only Morred might have stilled, she made the song called The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. But her boat-cradle of willow wood, floating free, bore their child Serriadh to safety, wearing Morred's pledge, the ring that bore the Rune of Peace..However the Division came about, from the beginning of historical time human beings have lived in the main Archipelago and the Kargad Lands east of it, while the dragons kept to the westernmost isles-and beyond. People have puzzled at their choosing the empty sea for their domain, since dragons are "creatures of wind and fire," who drown if plunged under the sea. But they have no need to touch down either on water or on earth; they live on the wing, aloft in air, sunlight, starlight. The only use a dragon has for the ground is some kind of rocky place where it can lay its eggs and rear the drakelets. The small, barren islets of the farthest West Reach suffice for this..words and they said theirs, but none of them were the right words..the vine "right down to the life in it"; and Rose, her Etaudis, whispering charms to ease the pain.there was nothing much to say about herself..He changed his shape, he changed his name,.into a blaze. It tasted of metal, of ash. The nights were long and terrible, for the spells pressed on him, weighed on him, waked him over and over terrified, gasping for breath, and never able to think coherently. It was utterly dark, for he could not make the werelight shine in that room. all. It can't be lies. Not all of it. The Archmage did go into the labyrinth among the Hoary Men and come back with the Ring of Peace. He did go into death with the young king, and defeat the spider mage, and come back. We know that on the word of the king himself. Even here, the harpers came to sing that song, and a teller came to tell it. ".bitch!".The Summoner looked up at Irian.
