

GUIDE AND MAP OF MONTREAL

"And were you. . . betrizated?" "Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. "I think, if you stayed, Heleth, we could talk." four mages stood on the path. "I'll stay if you want, Elehal." them the School sprawled grey and many-roofed on its lower hill. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal locked in its muteness. not yet seen its true goal. "Would you like some fresh curds? It makes a good breakfast." She was eyeing him, but not for.AT THE END OF THE fourth book of Earthsea, Tehanu, the story had arrived at what I felt to be now..She sat on a while by the Thwilburn. She was troubled by what he had told her and by her thoughts and feelings in the Grove, and troubled that any thought or feeling could have troubled her there. She went to the house, set out her supper of smoked meat and bread and summer lettuce, and ate it without tasting it. She roamed restlessly back down he streambank to the water. It was very still and warm in the late dusk, only the largest stars burning through a milky overcast. She slipped off her sandals and put her feet in the water. It was cool, but veins of sunwarmth ran through it. She slid out of her clothes, the man's breeches and shirt that were all she had, and slipped naked into the water, feeling the push and stir of the current all along her body. She had never swum in the streams at Iria, and she had hated the sea, heaving grey and cold, but this quick water pleased her, tonight. She drifted and floated, her hands slipping over silken underwater rocks and her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed away from her in the running of the water, and she floated in delight in the caress of the stream, gazing up at the white, soft fire of the stars..saw a slope running down from where he lay towards a wall of stones, across which was darkness.Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint glimmer that showed them only the next step they could take, and of how they had looked up to the red ridge of the mountain in the dawn..woman's gaze returned to his face.. When he turned off the village lane up the hill, a pack of scrawny, evil-mouthed dogs came pelting and bellowing down at him. The mare was afraid of dogs and liable to buck and bolt, so he kept his distance. But he had an eye for beauty, and liked to look at the old house dreaming away in the dappled light of the early summer afternoons..high end, his father's house..already?" she said, and then saw him..generosity, after three years, to pay his passage to Roke. That was all Dulse knew about him..anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at.rapidly at anyone's approach; at last I found an exit..Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be there was enough, was all..and saw the wizard standing before him, looming above him..Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course
