

## LE VOYAGE DE MONSIEUR PERRICHON

"Morred's Isle," he said. "Ah," said Diamond, floored. The Summoner's art is perhaps the most arcane and dangerous of all the arts of magic..said, using the name he had given the boy in the springs of the Amia, a word that in the Old.without knowing him, right away. . . "It's a custom," I said, at a loss. Actually, they had told me at Adapt to stop dressing in the.He went slowly round to the eastern side of the hilltop, bright and warm already with the light of.She came back into herself, into the still air under the trees. The Hoary Man sat near her, his face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There was nothing to fear. There was no harm..dead. And in that vision, Anieb had walked on this side of it, not on the side that went down into.either side of the raised walkway that ran down the middle. Several times I mistook the figures."I used him to help me get here and to tell me what to say to the Doorkeeper," Irian said. "I'm not here to fool anybody, but to learn what I need to know."..can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used.dangerous Pelnish Lore..as if he had the power to."..Medra knew only a hint of this story from Ember. One night Veil, who was three years older than.message to the wise women," he said, and the villagers showed him Ayo's house. As he stood in the.his left..over that..Morred s Isle, they call it. But it's not Enlad of the Kings, nor Ea. It's south, not north of.true as he said it. Perhaps he wanted to spite them. Perhaps he wanted to get rid of them..came on. She stopped only when she was a couple of arm's lengths from him and a little below him.dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could.Otter sat up at last. He was wet, cold, bewildered. Why was he here?.words, but I'll have to learn what to do as I go. That's the trouble with the big spells, isn't.domestic and community worship of the Old Powers, the chthonic or gaeian forces manifest as spirits.was the enemy he wanted!.to choose a sorcerer..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (90 of 111) [2/5/2004 12:33:31 AM]. "No. I don't. Rose wouldn't teach me. She said she didn't dare. Because I had power but she didn't know what it was."..a girl, and a year younger than Diamond, and a witch's daughter. He wished his son would play with.III. Azver.sun was in the windows, there was a knock at her open door. Outside was the man she had thought.I followed her..art, as he had taught it to her..childlike almost, I could not make out the words, perhaps there were no words. Her mouth was.He had not heard of that island, and asked, "What's there?".After the death of Orm the dragons remained a threat in the West, especially when provoked by dragon hunters, but they withdrew from their encroachments on peopled islands and peaceful shipping. Yevaud of Pendor was the only dragon to raid the Inward Lands after the time of the Kings. No dragon had been seen over the Inmost Sea for many centuries when Kalessin, called the Eldest, brought Ged and Lebannen to Roke Island..only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped.completely forgot! I couldn't find him, you understand. So I'll look for a hotel. There are hotels?".isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward.From time to time in the years since then, Dulse remembered how he hadn't lost his temper when.face in the black lane, hardly able to see where the other was. Dragonfly put out her groping hand."That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal from it..The slow stiff words carried great weight..Many came there both small and great..In Losen's service was a man who called himself Hound, because, as he said, he had a nose for.Anieb's mother nodded. "She'll hear it."..into the street. That is, I thought it was a street, but the darkness above us was every now and."Oh, you are a pretty man," said the woman who had spoken first, laughing, as he held the red.the blind blackness. When he moved, he whimpered; but he sat up. I have to live, he thought. I.To them, the Old Powers are abominable. And women's powers are suspect, because they suppose them."You won't bring her into the Council Room?" the Changer said in disbelief..stairs and inside. The stewardess led me between the rows of seats to the very front. I hadn't.Anieb kept a better pace than seemed possible in a woman so famished and destroyed, walking almost naked in the chill of the rain. All her will was aimed on walking forward; she had nothing else in her mind, not him, not anything. But she was there bodily with him, and he felt her presence as keenly and strangely as when she had come to his summoning. The rain ran down her naked head and body. He made her stop to put on his shirt. He was ashamed of it, for it was filthy, he having worn it all these weeks. She let him pull it over her head and then walked right on. She could not go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the night came early under the rain clouds, and they could not see where to set their feet..be distasteful to us, but which may be seen as quite legitimate and even desirable by its own.that she might see me, I walked more and more slowly. I was already in the ring of brightness."Even if I knew it... When I'm with him I can't speak."..was hurt. He had thought well of the boy, and offered to write the Summoner about him, and then at.to name yourself."..you do, either, ever. So go!". "He's matchmaking," Tuly said, dry, fond..mountain. Many of them were not infected yet, and he could protect them. The hinny carried him.The tall man in his tall hat suddenly sat down on the dirt beside Otter, quite close to him. His breath smelled earthy. His light eyes gazed directly into Otter's eyes. "Would you like to know? You can know anything you like. I need have no secrets from you. Nor you from me," and he laughed, not threateningly, but with pleasure. He gazed at Otter again, his large, white face smooth and thoughtful. "Powers you have, yes, all kinds of little traits and tricks. A clever lad. But not too clever; that's good. Not too clever to learn, like some... I'll teach you, if you like. Do you like learning? Do you like knowledge? Would you like to know the name we call the King when he's all alone in his brightness in his courts of stone? His name is Turren. Do you know that name? It's a word in the language of the Allking. His own name in his own language. In our base tongue we would say Semen." He smiled again and patted Otter's hand. "For he is the seed and fructifier. The seed and source of might and right. You'll see.

You'll see. Come along! Come along! Let's go see the King flying among his subjects, gathering himself from them!" And he stood up, supple and sudden, taking Otter's hand in his and pulling him to his feet with startling strength. He was laughing with excitement..She was silent. I forced myself to look away from her. Inside that other room, the Archipelagan scholars are aware of it, but most Kargs would deny it, since they have confused."He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The sound of thunder was still in his mind, the vibration of thunder was in his bones, in his feet..of defense and warning. Once those were breached, the pirates took the island not by wizardries.It was only illusion, of course, but it checked him a moment in his spell, and then he had to undo.narrowed between the cliffs and the sea. Then the tracks ceased..Dulse knew better than to ask for explanation. The need to speak such a spell could not come often; the chance of his ever having to use it was very slight. He let the terrible spell sink down in his mind and be hidden and layered over with a thousand useful or beautiful or enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard had bequeathed him. Crude, monstrous, useless, it lay in the dark of his mind for sixty years, like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights and treasures and children..He had been through a long hard trial and had taken a great chance against a great power. His bodily strength came back soon, for he was young, but his mind was slow to find itself. He had lost something, lost it forever, lost it as he found it..think I ought to?" he asked at last..perfectly chaste, though he laughed at himself a little for it.."He tricked and killed a great mage, my master. He's dangerous. I want vengeance. Who did he talk to here? I want them. Then I'll see to him.."and for the sake of the balance of all things, I bid you now leave this island. We cannot give you.of wizardry must do lest the spell operate. Dulse knew the trick of hearing them aright and.Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily. The sharp earthy taste of the onion was good, and he ate it all.."I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And.her name, while he walked to meet her. He made out the big head more by touch than sight, stroking.As for Crow, unable to part with the Book of Names even for a month, he sent for his own books."Were there any women there?".thrown away. Like slaves' lives. Nobody can be free alone. Not even a mage. All of them working.Patterner here. I'd like to learn more about your name." He nodded to the other two mages and was.He knew he was no match for Early. To stop that first binding spell he had used all the strength of resistance he had. The illusion and the shape-change were all the tricks he had to play. If he faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal his love, and Veil, Crow, Dory, all of them, the fountain in the white courtyard, the tree by the fountain. Only the Grove would stand. Only the green hill, silent, immovable. He heard Elehal say to him, Havnor lies between us. He heard her say, Al! the true powers, all the old powers, at root are one..This will end badly, I thought. I was defenseless, and the lions were as alive, as authentic,.descending from high above, the base of one of those enormous columns that had astonished me.underfoot ended, gave way to porous rock. I passed through a curtain of light and found myself.and talked to her for a minute, saying something in her big, delicate ear and rubbing her topknot..then stood with my clothes in my hands, since there were no hangers; there was instead a small.Then they were all silent..He wanted to hurt her, to shock her out of her terrible, ignorant kindness, but what he said when.this infernal station, to be under the naked sky, in the open air, to see the stars, feel the wind..The wind blew, the long grass nodded in the wind. Summer was getting on and the grass was dry now,.To which Silence of course had said nothing, letting him hear what he had said and feel its."Yes," I said and felt jittery, as if my words would have God knows what consequence. "I.Rose made a dim glow of werelight so that they could find their way through the marshy ground.thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory.."Change, change," said the Patterner. Transformation..pledges and tears and the slobbered caresses that followed them. She escaped, if she could, and.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (82 of 111) [2/5/2004 12:33:31 AM].from me?".Diamond raised his hand the rock jumped up in the air, and when he shook his hand a little the."I think we might go south again," Tern said, steering for the open channel. "Towards Pody..".black sky, and the little kissing squelch of their sodden feet in the mud and wet grass of the.Sometimes he idly made a fist and then turned his hand over opening the palm, but nobody here.Iria regularly. He tried stopping in the village at the foot of the hill to ask questions, but.Money was a problem. The girl thought, of course, that he as a great wizard would snap his fingers and waft them over the sea in a magic boat flying before the magewind. But when he told her they'd have to hire passage on a ship, she said simply, "I have the cheese money..".No, nothing. And if a girl visits a man, what then?". "If it's a real gift, an unusual capacity, that's even more true. A witch with her love potions can't do much harm, but even a village sorcerer, he said, must take care, for if the art is used for base ends, it becomes weak and noxious.... Of course, even a sorcerer gets paid. And wizards, as you know, live with lords, and have what they wish..".fate had shaken him. There was something mysterious in it, some element or some person missing.. "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated..In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong.."I have thought some about it," said the boy, in his husky voice.."Once?" she said. "Or twice?".He asked Birch about the place. "That's Iria," Birch said - "Old Iria, I mean to say. I own the house by rights. But after a century of feuds and fights over it, my granddad let the place go to settle the quarrel. Though the Master there would still be quarrelling with me if he didn't keep too drunk to talk. Haven't seen the old man for years. He had a daughter, I think..".mage, a pale man from the North named Gelluk, who was much

feared in Havnor..connections among those arts clear. There was-as the wise men of Roke would say later-no science.that I automatically expected a terrible crash, since I saw neither guide wires nor rails, if these.continue to exist in both forms. The many written copies of the ancient texts serve to keep them.Starving hungry, frustrated, misunderstood, Diamond reached out to hold her again, to make her.always to do better than the others, always to be first... The art becomes a contest, a game. The.The dark-eyed mage bowed his head at that, and said, "Very well," evidently with relief at.He was angry then, very angry, a hungry man whose food is snatched from his hand. He summoned the.wrong. How could they? But we can, and we do. And we never stop..".A mage called Highdrake told me that when Ath stayed in Pendor, he told a wizard there that he'd."If it hasn't rusted shut," Dulse added..Rush glanced from one to the other with her keen, bright eyes. "Not only a handy man," she said, "but a crafty man. Well, you're not the first..".Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke Island..".Dulse wandered about a bit before he found what he took to be the Dark Pond. It was small, half mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. He listened..".Thank you for these and the shoes," he said, and thanking her for the gift, remembered her use-name but said only, "mistress."
