He stood in the locked room in the dark and knew he would go free, because he was already free. A water. I live with my brother. He's in the village, at the tavern. We keep a dairy. I make cheese. What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke about them made him pause at the window on the stairs landing and watch them. A thing between them. She looked at the door of the bedroom. It opened and he stood there, thin and tired, his dark eyes full of sleep and bewilderment and pain. "What does that mean?" In a day or two some of Licky's men came asking if anyone had seen or heard tell of the great wizard Gelluk and a young finder-both disappeared without a trace, they said, as if the earth had swallowed them. Nobody in Woodedge said a word about the stranger hidden in Mead's apple loft. They kept him safe. Maybe that is why the people there now call their village not Woodedge, as it used to be, but Otterhide. but not the way a sorcerer-pro prospector does; not just slipping about between things and looking and. Far ahead, dim, small, there was a light that was not werelight. He went forward. He had been crawling for a long time now, dragging the right leg, which would not bear his weight. He went forward. He smelled the wind of evening and saw the sky of evening through the branches and leaves of trees. An arched oak root formed the mouth of the cave, no bigger than a man or a badger needed to crawl through. He crawled through. He lay there under the root of the tree, seeing the light fade and a star or two come out among the leaves. and I found myself suddenly high up; this aerial ride lasted maybe half a minute and ended at a. He followed him down one of the principal streets and from it into a district of small houses, the old weavers' quarter. They grew flax on Pody, and there were stone retting houses, now mostly unused, and looms to be seen by the windows of some of the houses. In a little square where there was shade from the hot sun four or five women sat spinning by a well. Children played nearby, listless with the heat, scrawny, staring without much interest at the strangers. Tern had walked there unhesitating, as if he knew where he was going. Now he stopped and greeted the women. He checked the henhouse, finding three eggs. Red Bucca was setting. Her eggs were about due to. As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping. She would not think of him at night. Back in the winter she had sent to him
