Ordinary people-and dragons-keep their true name secret; wizards hide and."How can we get free?"".Of all the innocence," Gift said, hissing the word. "He'll skin you." She dumped a kettleful of steaming water into the bath. "He has ivory," she said. "Tell him ivory it has to be. Out there ten days starving in the cold to cure his beasts! San's got nothing but copper, but Alder can pay you in ivory. I'm sorry if I'm meddling in your business. Sir." She flung out the door with two buckets, going to the pump. She would not use the stream water for anything at all, these days. She was wise, and kind. Why had he lived so long among those who were not kind?.Gelluk stood tense and trembling, still at a loss. In front of me:.THE ISLAND OF SEMEL lies north and west across the Pelnish Sea from Havnor, south and west of the Enlades. Though it is one of the great isles of the Earthsea Archipelago, there aren't many stories from Semel. Enlad has its glorious history, and Havnor its wealth, and Paln its ill repute, but Semel has only cattle and sheep, forests and little towns, and the great silent volcano called Andanden standing over all..I sat down. My fingers were unsteady; I wanted to hold something in them. I'm not certain..".I'm Gift," she said, a bit flustered, but liking the fellow. "All right, then, Master Hawk. Put your horse up and see to him. There's the pump, there's plenty of hay. Come on in the house after. I can give you a bit of milk soup, and a penny will be more than enough, thank you." She didn't feel like calling him sir, as she always did the curer. He studied them nights, brooding on where and how he might extend his empire..".Is he curing the cattle?" she asked..".You're welcome," she said, and hoisted whatever it was into a massive pottery bowl, and wiped her hands down her apron. He knew nothing at all about women. He had not lived where women were since he was ten years old. He had been afraid of them, the women that shouted at him to get out of the way in that great other kitchen long ago. But since he had been traveling about in Earthsea he had met women and found them easy to be with, like the animals; they went about their business not paying much attention to him unless he frightened them. He tried not to do that. He had no wish or reason to frighten them. They were not men..of sorcerers is a bad thing. If you're a sorcerer, a man of power, that is. I am. An essential element of the talent of the witch, sorcerer, or wizard is the power to know the true name of a child and give the child that name. He was easy to talk with, and she told him about the curer, since there was nothing much to say about herself..asked around a bit. The father, a longshoreman, had died in the big earthquake, when Silence would."I can't. I'm terribly afraid."Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done.She lay awake in the little house, feeling the air stifling and the ceiling pressing down on her, then slept suddenly and deeply. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake.."There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then..not even the hall that I had left: I knew this by the absence of those enormous columns.
